**MELANCHOLY WOMEN.**  
Women should understand that melancholy, commonly called the "Blues," is in nine times out of ten a pure symptom of some organic derangement which should have attention. For nearly forty years Lydia E. Pinkham's Vegetable Compound made from roots and herbs, has been the standard remedy for such conditions, as proved by many testimonials which we are constantly publishing from women who have been restored to health by its use.  
Advt.

While local newspapermen, as well as the citizens as a whole, were delighted to have the pleasure of welcoming these genial followers in the steps of Horace Greely, nevertheless, on second consideration, one could not but wonder how the Smelter City could pursue its usual harmonious way for even a few hours without the inspiring presence of the well-known scribes.

### PIGEON RACE.

The most exciting pigeon race of the season was that held Sunday when the old birds competed in their last contest of the year, flying from El Paso to Bisbee. Dunns famous "Douglas Lad" was second, at 1 p. m. Third and fourth were Sam Whalley's "Gypsy Hen" and D. Thompson's "Blue." The winner stole home in wonderful form, getting away from the other birds for a sensational "breakaway." This marked the fourth time this season in which "Nigger" has performed the clever feat. Hope and Thompson are now tied for the season's wins with the old birds.

### EASY FOR UNCLE SAM.

A letter addressed to the "Zerolene Oil Co.," posted at Odessa, Wash., and another addressed to the "Red Crown Gasoline Co.," posted at Chilesco, Cal., didn't bother Uncle Sam's servants one bit. ### E. A. TOVREA IS HOST TO EMPLOYEES AT BERNER'S RESORT

Outing of Members of Tovrea Market Force and Families Is Gala Occasion; Feast and Frolics Feature Day.

The Sunday outing of the employees of the Tovrea meat market, accompanied by their families, was an even greater success than had been anticipated. The delightful holiday afforded the company of over 60 people, made possible by the kindness of E. A. Tovrea, proprietor of the Tovrea market, was undoubtedly the most enjoyable event of its kind which has been held in the district in a long time.

Six automobiles and two motor trucks were required to convey the group of merry-makers to the beautiful mountain resort. The excursionists left the city at 5:30 a. m., arriving at Berner's resort at about 9 o'clock. The feature of the day at the resort was a splendid repast prepared by W. H. Jones, who performed the functions of chef in a manner which elicited most liberal and sincere praise from all who were fortunate enough to be present. After justice had been accorded the culinary department, the guests repaired to the canyon where they sat for a series of pictures which were taken under the artistic direction of the genial and jovial U. S. Bahoque, alias "Shorty," who is wont to preside over one of the most popular sections of the meat department of the Tovrea market.

During the afternoon the disciples of Terpsichore pursued their favorite diversion to their hearts' content to piano accompaniment rendered in a most capable and harmonious manner by Mrs. Bahoque. Manager Robert Hamilton furnished a splendid climax to the afternoon when he delivered a series of graceful and appropriate remarks indicating the appreciation felt by all for the splendid generosity and kindness of Proprietor Tovrea.

### MAY OPEN SERVICE STATION FOR BUICK

Jackson Bros. of Douglas Plan Extension of Their Big Auto Business.

A member of the well known Douglas automobile firm of Jackson Bros. was a visitor in Bisbee yesterday and spoke in most enthusiastic terms of the business enjoyed by his concern during the season to date. Indeed, so prosperous is the outlook throughout this entire section that this popular Douglas firm is considering the establishment of a service station for the Buick cars in Bisbee. The selection of a suitable site for the service station was one of the principal objects of the automobile dealer's trip to this city.

Jackson Bros. have already received a splendid type of the 1916 Buick, a splendid 6-cylinder machine built on beautiful, graceful lines. The Buick people have commenced to put out their 1916 models much earlier than they had planned, due to the fact that their 1915 output of 45,000 machines is already sold. They are planning an output of over 65,000 machines for next season. Owing to the wonderful success and popularity of the 6-cylinder machines, the Buick company will confine its 1916 output to this type entirely.

### When Glands Swell Blood Needs Attention

Even a Sweat Gland May Result in Severe Consequence.

In our intricate body the use of S. & S. for the blood has a most remarkable influence. We little realize our glandular system. It may be a tiny bulb no bigger than a pin point, and yet if a disease germ gets into it, there is a tremendous swelling. It becomes a boil, a carbuncle, it may be a "blood poisoning," and it is often a source of continuous misery if not checked. Many of the most excruciating forms of torture begin with the swelling of a tiny gland, caused by a disease germ. And it is S. & S. that spreads throughout the blood circulation to prevent just such conditions. Or if they have already started, S. & S. will soon put the blood in such a state of health as to overcome the tendency to glandular swelling. It is a natural medicine for the blood, just as essential to health if the blood be impure, as are the meats, fats, grains and sugars of our daily food.

It contains one ingredient the active purpose of which is to stimulate the exchange of new flesh for dead or waste matter.

What kind of roofing shall I buy?  
The General says: You can buy a cheap unguaranteed roofing and save a few dollars in initial cost--or you can pay this slight difference and get a roofing guaranteed by the world's largest manufacturer of roofing and building papers. The final cost is what counts and you'll find it cheaper in the long run to buy

## Certain-teed Roofing

This roofing is the highest quality possible to make and it is guaranteed 5, 10 or 15 years, for 1, 2 or 3 ply respectively. When once laid, Certain-teed must remain intact at least for the period of the guarantee and the guarantee is a definite insurance against all roofing trouble.

Roofing that is cheaper than Certain-teed is cheaper in quality and is not guaranteed by a big mill and best responsibility. If the cheap roof falls down you will have to pay the double expense of laying a new roof all over again. Certain-teed Roofing is for sale by dealers everywhere at reasonable prices.
